REGON MAN REPLIES TO PRESIDENT'S FIRE.
Am Only Doing My Duty in Arousing the Nation to Its Danger," the Senator Protests.

[BY A. P. NIGHT WIRE.]

IN THE support of his position, he cited numerous instances of alleged inefficiency in connection with army ordnance, clothing supplies and mail transportation during the military committee's war inquiry.

FLOOR CROWDED.

Senators and many Representatives crowded the floor, and the galleries were packed as Senator Chamberlain spoke. He began quietly, declaring it was with a feeling of sadness that he found it necessary to rise to a question of personal privilege to defend his veracity and integrity, heretofore unassailed, but as he launched into the speech, he grew emphatic and at times vehement.

When the Oregon Senator concluded, Senator Kirby, a member of the Military Committee, replied on behalf of the administration, flatly denying the charges.

Senator Kirby declared that he had dis-
tinctly broken down in its
completeness. He declared the
charges were grossly maligned him.
He defended his assertions,
and then addressed in New
York the President did

declined any per-

ing that the charges were patriotic

No Indemnity, no Territory Terms of the Dual Monarchy

[BY ATLANTIC CABLE AND A. P.]

LONDON, Jan. 25.—Austria has decided to continue peace negotiations with Russia on the basis of no annexations and no indemnities, according to a Vienna dispatch to the Exchange Telegraph Company, quoting from Count Czernin's address before the Reichsrath.

"I demand from Russia not a meter of territory, not a centime of indemnity," the Foreign Minister is quoted as having said, "and peace can be obtained if Russia maintains the same standpoint, as she evidently intends to do."

Count Czernin declared that he must politely, but categorically, refuse President Wilson's advice on Austria-Hungary's internal administration. There was no Parliament more democratic than Austria's, he said. The Foreign Minister said he did not object to the suppression of secret diplomacy, especially if that meant the suppression of secret treaties.

The Foreign Minister invited President Wilson to use his influence to induce the Entente Allies to declare the conditions on which they were willing to talk.

President Wilson's idea of a league of nations, according to Count Czernin, probably would encounter no opposition in Austria-Hungary.

SPORTS DEAD? GUESS NOT; YALE IS BACK ON THE JOB.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

NEW HAVEN, Jan. 24.—It was definitely decided today that Yale would re-enter the field of intercollegiate sports this spring.

The Advisory Committee on Athletics, of which Prof. Robert N. Corwin is chairman, has altered its previous attitude on competition in sports with other colleges and now looks with favor on a regular schedule of games with the Blue's former opponents.

Many conferences have been held between the Advisory Committee and the Student Council of the college the last few days relative to the advisability of attempting to resume intercollegiate sports in various baseball, crew and track, candidates are out for training and track men will soon be called. Almost all of Yale's former opponents will be met if arrangements can be made.

Yale's readiness was made clear when Manager Charles J. Stewart of Dallas, Tex., was instructed today to bring by to the university his team of the past year. Even an eastern trip is to be taken by the team.

The details of a Harvard series will be settled soon and in all probability will be a surety if the crimi-

BRANCH OF BOLSHEVIKI LAUNCHED IN NEW YORK.

[BY A. P. NIGHT WIRE.]

NEW YORK, Jan. 24.—What was declared to be the first branch of the Bolsheviki in the United States was organized at a meeting in Harlem tonight, presided over by Leon Samson, a former student at Columbia University, who was dropped from the rolls because of his activities against the war.

More than five hundred persons are said to have signed the membership cards after speakers had assailed the "moderate Socialists" and leaders of the American Federation of Labor.

The speakers declared that only the Bolsheviki plan would prevent future wars, and a message promising to spread the "spirit of the Bolsheviki in America" was cabled to Leon Trotsky, Bolsheviki Foreign Minister of Russia.

The Russian anthem was sung at the meeting in a medley of tongues—Russian, French, Italian and Yiddish.

SIX FEMININE PILOTS ENTER FOR ASCOT DASH.

[BY ATLANTIC CABLE AND A. P.]

AMSTERDAM, Jan. 25.—The Holland America Line steamship Nieuw Amsterdam has obtained permission to sail for the United States. The Handelsblad says it learns the German government intends to place all Dutch shipping firms on the blacklist as a result of their agreement with the United States and to refuse Dutch vessels supplies of coal. This, says the Handelsblad, referring to the stoppage of the coal supply, would be tantamount to the cessation of outward sailings.

The steamer Nieuw Amsterdam has been lying in Rotterdam for some time, prepared for the voyage to the United States.

A dispatch last Monday asserted Germany had refused to guarantee her a safe passage.

KILAUEA VOLCANO IS ACTIVE AGAIN.

[BY PACIFIC CABLE AND A. P.]

HONOLULU, Jan. 25.—Kilauea volcano, the largest active crater in the world, situated in the south-eastern part of the island of Hawaii, is manifesting unusual activity, with the lava lake rising and falling within eighteen feet of the top of the crater.

Prof. T. A. Jaggar, Jr., director of the volcano observatory, predicts the lava will overflow.

Kilauea volcano is approximately 180 miles distant from this city.

DE ORO RIVAL CLAIMS CHAMPIONSHIP TITLE.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

NEW YORK BUREAU OF THE TIMES, Jan. 24.—August Kleckhefer of Chicago today laid claim to the three-cushion billiard championship of the world when Alfredo de Oro, who has just returned from Cuba, refused to play him for the title tomorrow.

Kleckhefer acted upon instructions from his backer, W. P. Muesey of Chicago. Muesey, vice-president of the Brunswick-Balke-Collender Company, donors of the three-cushion emblem, heard both sides of the case in his office today and said that he would announce his decision in the matter tomorrow.

The claim of Kleckhefer for the championship arises from a technical interpretation of the rules. It is provided that the champion must defend his title within forty days of the time of his last match. When de Oro played Otto in Havana it was necessary to postpone that match beyond the time scheduled for it, this being done with the consent of the Brunswick-Balke-Collender Company and with that of the players.

It was stipulated by Charles Miller, however, that the match with Kleckhefer would have to be played by de Oro within forty days of the time originally set for the de Oro-Otto match.

IMPORTANT CHANGES IN PACKING INQUIRY.

[BY A. P. NIGHT WIRE.]

WASHINGTON, Jan. 24.—Plans of the Federal Trade Commission in its investigation of the control of the meat packing industry have been changed, it was announced tonight, on account of important developments which make it necessary to submit to the full commission the next evidence to be introduced.

Instead of returning to Sioux City, Iowa, to resume hearings there before examiners, Francis J. Heney, counsel for the commission, is now on his way back to Washington and tomorrow the commission itself will be in session with witnesses on the stand.

No hint as to the nature of the new developments or as to the identity of the next witnesses was obtainable tonight.

LOS ANGELES MAN IS SUED FOR DIVORCE.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SAN FRANCISCO BUREAU OF THE TIMES, Jan. 24.—Mrs. Mary E. Lunquist filed suit for divorce here today against Charles E. Lunquist, a Los Angeles merchant. She charges cruelty and says he once told her father he did not wish her to live with him any longer as matrimony was too expensive. He also told her she was crazy, she avers. The Lunquists were married in Provo, Utah, twenty-two years ago and separated in 1912.

SENTRIES TO SHOOT, THEN ASK QUESTIONS.

[BY A. P. NIGHT WIRE.]

NEWPORT (R. I.), Jan. 24.—Unusual precautions to guard the water supply of this city and naval and military establishments were taken today. All the sentries had orders to shoot prowlers first and ask questions afterward.

"WE'RE JUST STARTING," SOCIALISTS PROCLAIM.

Democratic Federal State of Nationalities is Demanded, and the People Stand Ready to Fight for It.

[BY ATLANTIC CABLE AND A. P.]

AMSTERDAM, Jan. 24.—Reporting the sitting of the Austrian Parliament Wednesday, the Vossische Zeitung of Berlin draws a picture of Premier Von Seydler in a state of helplessness, surrounded by excited Czechs and other hecklers, in a scene of turmoil.

After the Premier had replied to an interpellation respecting a resolution adopted by the Prague Deputies demanding the right of self-determination, the Czechs shouted: "Lies. . . . Away with Von Seydler. . . . You are another Gen. Hoffman. Victor Adler, Socialist leader, said that what the workers had now attained in the way of concessions was only the beginning. He demanded that Foreign Minister Czernin carry through his announced programme, adding:

"We did not desire war, but there are some in this hall who did. We must now get out of it what is possible. The monarchy must be entirely reconstituted. It must become a democratic federal state of nationalities, for which the people are enthusiastic and ready to fight."

M. B. Woodill, president of the Woodill & Hulse Electric Company, was yesterday elected president of the Merchants' and Manufacturers' Association, succeeding E. G. Judah.

SEEK TO HURRY DRAFT WORK

Medical Advisory Board Desires to Expedite Draft Work.

In order to facilitate its work, the Medical Advisory Board of the army for Los Angeles county has issued a request to the several local exemption boards that they do not refer unnecessary cases to it. Much of the time of the advisory board, it is stated, has been taken up in the examination of men rejected by the local boards for perfectly manifest disabilities.

mark, treasurer, F. J. Zeschandlar was re-elected secretary. The directors elected are I. H. Rhea, George A. Fitch, J. G. Donovan, Harry G. Krohn, E. G. Judah, W. L. Schultz, E. A. Cleland, Harold L. Arnold, F. B. McComas and A. C. Brode.

"The Merchants' and Manufacturers' Association has every interest of Los Angeles at heart, so far as business is concerned," said Mr. Woodill following his election. "The factories that have sprung up here in recent months are numerous, and still more are coming. The association will put its shoulder to the wheel and help bring more and more workers to Los Angeles."

FOR OPEN SHOP. "I'm in favor of an eight-hour day and good wages for every one who works, but in order that this city may grow untroubled, as it has in the past, we must continue to have an open-shop policy. I told Secretary of Labor Wilson in San Francisco last fall that we were going to continue to have an open-shop city, and he looked greatly surprised. I explained that we had following the city as near as possible without bloodshed, and I think that when we parted he turned away with great respect for the splendid citizenship which we have here."

"It was stated at our annual meeting that no less than 400 garment workers are needed here at the present moment. The pay ranged from \$7 a week for beginners, to \$10 a week for experienced help. That of few light work and ought to be a source of revenue for countless women and girls, at the same time giving Los Angeles mills a chance to turn out thousands of products in the coming months."

A couple of years ago the Merchants' and Manufacturers' Association adopted the slogan "More Factory Chimneys." The directors now admit that the slogan is a poor one. They argue that smokestacks make a city famous for its dirt. They are now seeking for more factories and mills, but are advertising the use of electric power in place of smokestacking steam boilers. The big idea is that of keeping the city as near as possible as possible, and at the same time keeping the wheels humming busily.

Before adjournment the association adopted the following resolution:

Resolved, by the board of directors of the Merchants' and Manufacturers' Association, that members be requested to urge the support financially to the utmost of their ability, the efforts now being made to raise a sufficient fund to advertise Southern California in the campaign to induce tourists to visit this section this year.

The board also endorsed the work of the local branch of the Red Cross.

DIVORCE SUIT A DRAW

Decree Denied Both Husband and Wife, and Son Goes to a Third Party.

The Doster divorce trial ended in a draw for Bertha Graham Doster and Roland Lee Doster yesterday. Judge Wood denied decrees to both and disposed of the custody of their young son to a third party. Mr. Doster is going into the army, and his son will be educated by his sister, Mrs. Elizabeth Doster of Lathrop. Mrs. Doster will be permitted to see the boy twice a week. Numerous letters were offered in evidence indicating that Mrs. Doster had a love affair. She denied this and explained her actions.

LIFE THREATENED?

Separate Maintenance Suit Filed By Doctors Wife Who Says She Has No Money or Home.

Mrs. Elva W. Nelson filed suit for separate maintenance against Dr. Clyde V. Nelson yesterday, alleging that Dr. Nelson struck her and threatened to kill her. There has been no separation, however, the doctor and his wife still occupying their home at No. 1611 Sunset boulevard.

Mrs. Nelson declares she has no money and no place to go. She says that Dr. Nelson has an income of about \$350 a month derived from his practice and asks the court to award her \$150 a month for the support of herself and her children.

TWO INDICTED. The federal grand jury signalled the beginning of its work yesterday, by reporting indictments against Roy Christensen and Munster Bear, both residents at Los Angeles Harbor, who are charged with sending improper letters through the mails to girls of Los Angeles.

TRAINS WILL RUN AS USUAL, SAYS SPOULE

SOUTHERN PACIFIC HEAD SEES NO LIKELIHOOD OF RAIL CURTAILMENT.

"No railroad official can foresee what the government may do with reference to changes in the western roads," said President William Sproule of the Southern Pacific Company yesterday at the local executive offices in the Pacific Electric Building.

"I am as much in the dark as any one else when it comes to prophesying," he said. "However, our lines are running as usual, and we must continue to have an open-shop policy. I told Secretary of Labor Wilson in San Francisco last fall that we were going to continue to have an open-shop city, and he looked greatly surprised. I explained that we had following the city as near as possible without bloodshed, and I think that when we parted he turned away with great respect for the splendid citizenship which we have here."

SURE OF RIVERSIDE AS AVIATION SITE

SOUTHERN CALIFORNIA MAY GET MORE THAN ONE SCHOOL FOR FLYERS.

The report from Washington yesterday that the aviation site offered the government at Riverside will be selected for one of three or four aviation schools to be established in Southern and Central California, was received with much satisfaction by members of the local Chamber of Commerce, who have been active in securing the selection of some site near here by the government experts.

Last Monday the army aviation mission which has been inspecting sites in this State and Texas was taken to Bakersfield, Tracy and Riverside by a representative of the Chamber of Commerce, and on Tuesday to Merced. The members of the mission—Lieut.-Col. Crabtree, Maj. Castle and Capt. A. Boyce of the French Aviation Corps—expressed themselves as highly pleased with their observations. Their official report is believed to have been mailed from San Francisco to Washington last Tuesday. Until it is made public by the War Department, its contents will not be known.

The army commission is expected to return to Los Angeles within the next day or two. At present the members are in the northern part of the State. Capt. Boyce is now in this city and will rejoin the commission when it reaches here.

SOUNDS THE SAME.

Where's the silver service department? a stranger to the Hall of Records.

"No such department," replied Mr. Doty. "Perhaps you mean the marriage license bureau; they generally have silver at weddings."

"No I don't. A friend of mine got it in the neck, and I'm trying to fix it."

"You said silver service department," a stranger to the Hall of Records.

"That's it."

CITY TAKES SAWTELLE

Officials Formally Secure Money and Records After Court Holds Annulment Valid.

The city of Los Angeles yesterday afternoon formally took over Sawtelle, which was annexed at a recent election. The annexation was contested by Sawtelle officials, but Judge Hewitt ruled in favor of Los Angeles and yesterday City Attorney Stephens advised Mayor Woodman to take charge of the district in the name of the city.

Accompanying Mayor Woodman were Deputy City Attorney Leach, Chief Butler, Treasurer Powell, Assistant City Clerk Carroll, Auditor Myers. The party took over all the money, papers, property and authority held by the City Trustees and other officials of the merged municipality.

CAKES DISMISSED

Justice Cassidy sustained the demurrers filed in behalf of Baron Long, cafe proprietor, and three employees yesterday and threw the cases out of court. The men were charged with conducting banking and percentage gambling games at the Vernon Country Club. The complaint, the court held, did not state sufficient facts to constitute a cause of action. The complaint was dismissed.

IS ON LAST LAP OF GREAT WAR FILM.

By Grace Kingsley. Working sixteen hours a day, which is his usual ratio, by the way, D. W. Griffith is busy, these days, in editing and titling the film of his next great spectacle, a drama of the western front, which he is producing under the auspices of the British and French war offices. The measure of the task will be evident even to the lay mind when it is made known that he has "shot" 244,000 feet of film, which will be shrunk, when the film is finished, to 10,000 feet.

Never has so great secrecy surrounded the making of a motion picture. The persons who know the plot of the story can be numbered on the fingers of one hand. Its larger details, however, have been approved by the experts of the British and French war offices.

Griffith's indefatigable industry inspired the following comment of his chauffeur, "Mac," a stranger who was talking about Mr. Griffith's big blue limousine. Of necessity Mac has to be on duty as many hours as his employer, although he sometimes cheats by snatching a little sleep in the afternoon, when he is not on duty. The stranger, who was talking about Mr. Griffith's big blue limousine, said: "I have nothing at all on him."

"What do these initials 'D. W.' stand for?" asked Mac. "D. W. Griffith," answered Mac. An interval of silence, then— "What do these initials 'D. W.' stand for?" asked Mac. "D. W. Griffith," answered Mac.

Mac, with unwholesome opinions of the long hours Mr. Griffith observes, looked at the man critically. Then he responded: "Not many people know it, but it's a secret, but those initials stand for 'Don't War'."

Trinity of Idols Arrive. Despite the fact calls for help have been sent out along the line of travel, yet those doughty matinee idols of the Lasky company, Thomas Meighan, with Chief Ferguson, and Pickford, yet have the courage to send on an announcement they will arrive in Los Angeles this afternoon via the Santa Fe this afternoon. A ready meeting and decided to be on hand to greet them.

Thomas Meighan, who has been in the East for the past year and a half, returns to play the leading role in Mary Pickford's forthcoming production, a film version of Bret Harte's "Miles." Endurance Note. Just as many cups of tea as that popular film idol, William S. Hart, is capable of drinking, he was seen this afternoon between 2 and 3 o'clock, at the Kinema Theater, Red Cross building, indeed, the affair might be considered in the light of an endurance test, from the fact that he was seen drinking tea, and that he was seen drinking tea, and that he was seen drinking tea.

Smugglers Active. Federal and City Authorities are Keeping a Sharp Lookout for Gang Operating on Coast. (LOCAL CORRESPONDENCE.) SANTA MONICA, Jan. 24.—A constant watch is being kept by immigration officers and the Santa Monica police along the shores of Santa Monica Bay above Harbortown in the hope of apprehending smugglers of Chinese, opium, or both. In the early hours of this morning a squad of immigration inspectors, headed by Inspector Cox of that service, with Chief Ferguson, Capt. Clarence Webb and a number of Santa Monica police, all heavily armed with both rifles and revolvers, were patrolling the beach.

Chief Ferguson pointed out today that opium is now worth its weight in gold, and by purchasing it in Santa Monica, Mex., and shipping the drug to Los Angeles a fabulous profit can be made. As the Mexican border is now closed by a cordon of troops and customs men, it is now being smuggled in by the sea. It was reported that the smugglers have turned their attention to the sea as a means of entry. He declared that the vessel to steam up the coast a few miles, and land the cargo on the lonely shores in the neighborhood of Point Dume. Even if it were possible to make a landing in the dead of night without being caught by the fishermen in the huts of the village.

MISTAKEN FOR BURGLAR. Young Mexican Who Thought He Was Calling on a Friend Got into a Fight. Carelessness in not remembering the address of a friend caused Manuel M. Alegre, a clerk at the local Mexican Consulate, considerable embarrassment. He was seen at West Eleventh street, but not at No. 1516, the door of which he entered yesterday evening. Climbing the stairs, Mr. Alegre stepped into an apartment and found himself confronted by Louis Harris, Mr. Harris suspected a burglar and a fight ensued. The police finally were called and both men were taken to the Receiving Hospital for treatment.

ANNOUNCE EXAMINATIONS. Examinations to fill vacancies in the following positions are announced by the City Civil Service Commission: February 8, street bond clerk, \$100, age limit, 21 to 50 years; February 11, stock clerk, \$70 to \$80, age limit, 18 to 50 years; messenger and delivery clerk, \$50 to \$60, age limit, 18 to 50 years; must be able to drive a Ford; February 12, topographical draftsman, \$90 to \$104, age limit, 21 to 50 years; February 15, guard, Los Feliz Detention Hospital, \$90, maximum age limit waived. Applicants for the above positions must be American citizens and have lived in Los Angeles continuously for the past year. The request was denied on the statement that the preliminary hearing of Le Roy is set for next Monday. Dr. Hovenstine was held in \$5000 bond following his preliminary examination.

CANT ADVANCE HEARING. LeRoy Davis, an attorney for Mrs. C. H. Hovenstine, who was held in \$5000 bond following his preliminary examination, is set for next Monday. Dr. Hovenstine was held in \$5000 bond following his preliminary examination.

HELD TO ANSWER. Roy E. Parker, Joe Andrus, Henry F. Whitman and Emil Meshick were held to answer to the Superior Court by Justices Palmer and Henshaw yesterday. The boys are charged with daring burglaries throughout the city.

VERDICT FAVORS AUTOISTS. A verdict in favor of Bert Peterson and L. J. Peterson, defendants in the suit brought by A. Madaleno and E. Perez, for damages for injuries received in an automobile accident in Wilmington a year ago, was returned by a jury in Judge Myers's court yesterday. The plaintiffs were riding in a buggy when the accident occurred. The jury found in favor of the defendants.

GIVEN DECREE. Mrs. Ella L. Weson was granted a decree of divorce by Judge Wood yesterday against G. A. Weson, probation officer and the custody of her child awarded to her. The trial of the suit was bitterly contested. The charge was the charge on both sides. Mrs. Weson has charge of county charities in Pasadena.
